ADDENDUM NO. 3

March 18, 2022

RFP 22-02
LIBRARY MANAGEMENT SYSTEM

TO ALL OFFERORS:

PLEASE NOTE THE FOLLOWING INFORMATION:

QUESTIONS:

1. Section 1.1.3.1 states, "Each Proposal shall be accompanied by a notarized Affidavit executed by the Offeror or, if the Offeror is a business entity, by a duly authorized representative of the business entity. The Affidavit is included in this RFP." Please confirm if a notarized Affidavit goes with both the Technical and the Cost proposals, or just the Technical proposal.

The affidavit is part of the Technical Proposal. See RFP § 4.1.5.

2. Appendix A, Section 2.o.: "Easy to differentiate partner collections." We are unsure what this means. Will you elaborate?

The Library hosts two local history collections in its catalog and discovery layer. These collections are managed separately from the Library's main collection. These collections are also housed in history centers (non-library locations). The proposed solution should be able to display search results for staff and customers that enable them to differentiate which collection a particular item belongs to. At the same time, catalog terminals located in the history centers should display search results limited to the history collection at that location.

3. We would like to clarify whether or not the library intends to continue using PICA for their patron discover layer?

The Library currently uses the Pika Discovery Layer from the Marmot Library Network. Continued use of Pika is contingent on the results of this RFP.
See also RFP Appendix A § 9.

4. Do you use Baker & Taylor for library purchases?

Baker & Taylor is one of multiple vendors the Library uses for materials purchases.

NOTE: THIS ADDENDUM AND ACKNOWLEDGEMENT SHALL ACCOMPANY THE PROPOSAL TO MAKE IT VALID. A PROPOSAL MAY BE REJECTED IF ANY ADDENDUM IS NOT SIGNED AND SUBMITTED WITH THE PROPOSAL.
