INVITE THE LIBRARY

Invite the library to your school or community event. We are happy to:
- Be a guest reader or share a Storytime or book recommendations
- Provide an information table
- Attend Back to School Night
- Visit a class or club
- Speak at an assembly
- Deliver a workshop or presentation
- Other events (please describe below)

Please note that the library requires at least three (3) weeks notice in order to schedule a visit. Visits can be in person or virtual. Please note your preference under "Additional Requests."

For a smooth virtual visit, we suggest scheduling a practice session with library staff and your "tech host" who can provide trouble shooting before the actual event. AACPL prioritizes outreach to schools and communities that have demonstrated high need such as Community and Title 1 schools and communities with socio-economic challenges.
